

### Application for use of a shared dry waste container, biowaste container, or composter

If they so wish, neighbouring properties may share a waste container (dry waste container, recycling container, biowaste container, or composter). Any share agreements in place between nearby properties must be notified in writing to Etelä-Karjalan Jätehuolto Oy.

If the properties in question are not neighbouring properties, or if the number of participants in the share agreement is more than five, a deviation permit must be applied for the share arrangement from the waste management authority.

Using a shared waste container with another property does not eliminate the annual fees for the property (basic fee, official fee, and possible municipal surcharge).

<b>1. The application concerns</b>	<input type="checkbox"/> Shared dry waste bin <input type="checkbox"/> Share biowaste bin <input type="checkbox"/> Shared composter	
<b>2. Contact information on the occupant/owner of the property</b>	Name  Mailing address	Phone and email  Postal code and city
<b>3. Concerned property</b>	Property address  Municipality	Postal code and city  Property registration code
